

SECRET*Memorandum*

TO :

DATE: 7 July 1965

FROM : DAD/S&D

SUBJECT:

25X1A The question came up in the Career Service Panel meeting on how [] could help in training electronic technicians some of whom will, of course, be working with your engineering people. OPD would appreciate any hints and uigdelines in this area. Perhaps a set of all the various types of gear might be provided at [] 25X1A for training. This is kind of an extreme example, but might stimulate your thinking.

25X1A
